Our soul aches as it cries out for time with Him, but because of the noise, it is not heard. *Journaling for the Soul* helps eliminate the hurry, brings quiet for hearing, and creates much needed space. It acts as a means for documenting the main thing, which, of course, is a living and active relationship with God. - Nineteen stories that occurred during Easter Holy Week.
- Four more stories that occurred before Christ's Ascension.
- Between two and four activities per story such as: games, crafts, snacks, science experiments, storytelling ideas and/or object lessons.
- Two outreach activities to use during the Easter season that will encourage parents and grandparents who do not attend church regularly to include worship as part of their Easter celebration.

Holiday Extravaganza by Tina Houser

Holiday Extravaganza highlights 15 holidays, most of which are not traditionally centered around the Word of God. But, even holidays that find their roots outside of Christian beliefs can be redeemed! Jesus used the things of the world to convey His message, and we can follow that example by taking these celebrations and giving them a new focus.

This book:

- Directs kids to Scriptures that reinforce lessons to be learned through each given holiday.
- Includes 15 separate holidays, allowing for a year-round teaching tool.
- Fun activities focus on interactive, hands-on learning.
